

Tired of that Old Brick Fireplace?

Before

After

Create a Retreat in Your Home

Do you have a wood burning fireplace with a big bulky brick finish? You know the one we're talking about, the brick finish that takes up your entire family room wall. Imagine if you could transform that old brick fireplace into a peaceful retreat with a clean gas fireplace and a stunning cast stone mantle. Let the experts at Pinnacle help you make your dreams come true. No more messy wood, no more ugly brick.

In recent months, Pinnacle has done countless fireplace transformations in your neighbourhood. The options are endless but the final result is always the same, a beautiful new family room.

The Pinnacle Difference

From full demolition and drywall replacement, to fireplace and mantle installation, the experts at Pinnacle take care of it all. One team to deal with, no headaches, no hassle. At Pinnacle, we are different from other heating, cooling, and fireplace companies. With excellent service, competitive rates, and endless options we've been successfully servicing the GTA for over 10 years.

Endless Options

The options are endless. Create that look you've wanted, contemporary cast stone, traditional wood, or luxurious marble and granite. Our experts will work with you to create your very own retreat.
